

**What you will know about teaching safe bicycling when the training is complete:**

How children's and adults' crashes differ and how they differ as bicycle riders.

How to organize a successful child rider-training event in your community.

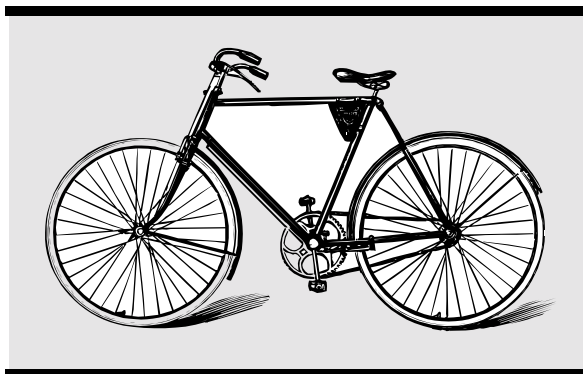

How to work with service organizations, schools, community leaders, and media and law enforcement to assure safe riding in your community.

How to use state-of-the-art skills for safe bicycle riding and how to teach hazard avoidance to children.

How to identify hazard areas in bicycle riding and know whom to work with to eliminate these hazards.

How to develop ideas for working with children of differing developmental, cognitive and emotional abilities.

How to get useful bike safety materials to use back home and what materials are available, including a videotape for parents, *A Kid's Eye View*.

**Your Preparation for Teaching Safe  
Bicycling:**

**BRING A BICYCLE** and a properly fitted helmet. These are necessary for the afternoon bicycle ride, a required learning activity. Wear comfortable clothes and shoes, including cool or wet weather gear.

The program begins at 8 a.m. with a get acquainted session and pre-test period. Lunch is on your own, except for the Hudson location. Session ends by 4:30 p.m.

**There is no registration fee, but pre-registration is required and is limited to 45 people per site.**

No on-site registration or walk-ins accepted. Register by faxing or mailing this form to the supplied address. We encourage biking or car-pooling when possible.

**Registration deadline is Monday, April 19, 2004.**

Late applications will be considered if possible, but call first to determine if space is available.
